*In loving memory of*

*Late Shree Rajeev Grover*

*1951 – 2024*

*Late Shree Rajeev Grover was more than a visionary leader; he was the heart and soul of HLS Asia Limited, inspiring everyone around him with his integrity, wisdom, and unwavering commitment. His dream of building a world-class organization rooted in excellence and guided by strong values has shaped who we are today.*

*While his absence leaves a void that can never be filled, his legacy continues to guide us. We are committed to walking the path he paved—upholding his values, striving for excellence, and honoring the principles he stood for. He will be deeply missed, but his spirit will always remain a part of HLSA.*

## **A special Message from Mr. Abhinav Kumar**

**My Journey with HLS Asia Ltd.: A Story of Growth and Exploration.**

More than five years ago, I embarked on a professional journey with HLS Asia Ltd., driven by curiosity, ambition, and a desire to make a meaningful impact in the energy sector. What I didn't anticipate was how deeply this experience would shape my career and personal growth.

From the moment I joined, I was welcomed into a team of talented, diverse individuals who shared a common goal of pushing boundaries in our field. HLS Asia Ltd. became more than just a workplace; it became a space where challenges turned into opportunities, and colleagues transformed into lifelong mentors, friends along with so many BHAJI's :p.

My professional journey with HLS began on January 15, 2019, when I joined the company as a JCHS at the Kakinada base. This was the starting point of an exciting career path that has been both challenging and rewarding. Shortly after joining, I moved to Gandhinagar for training purposes. But my journey didn't begin here—it was shaped by my roots and the experiences leading up to this moment. I hail from Hazaribagh, Jharkhand, a place close to my heart. My schooling years began at DAV Public School and later at Delhi Public School (DPS), Ranchi, where I developed a passion for learning and exploring.

The next chapter took me to Dehradun, where I pursued my Bachelor's degree in PE at UPES. Those four years in Dehradun were nothing short of transformative—some of the best years of my life! They were filled with opportunities to grow academically, build lifelong friendships, and fall in love with the beauty of the hills.

When I arrived at the Gandhinagar base in 2019, it was a challenging time. Operations were minimal, and the only active locations were MOS, Kharsang & Barmer. For four months, I didn't witness a single rig-up,

which tested my patience and adaptability. However, things took a significant turn when I was sent to Barmer. In just one month, I participated in over 12 jobs, marking the true beginning of my field experience.

My journey took off with the HPM Barmer MBA/Satellite project, where I gained hands-on exposure to the intricacies of CH operations. This was followed by the CIL Integrated project, which involved 24/7 operations and further enhanced my expertise in the segment. Over time, I contributed to a diverse range of projects, including all OH/CH/CIS jobs in Gandhinagar, Suvali offshore operations, and hands-on fieldwork across Jaisalmer, Hatta, and MOS.

The work experience during the COVID period was carried out with remarkable efficiency, driven by the unwavering hard work and determination of the crew, which was truly beyond question. Each location brought unique challenges and learning opportunities, allowing me to refine my skills and broaden my understanding of the industry. Interestingly, the only region I have yet to explore is the North East—a goal I look forward to pursuing as part of my professional growth.

While the projects and milestones have been rewarding, it's the people at HLS Asia Ltd. who truly made this journey unforgettable. I am deeply grateful to my colleagues for their unwavering support, guidance, and camaraderie. From brainstorming sessions to solving problems under pressure, or answering calls at odd hours with just a single ring!, the collective wisdom and encouragement of my team were instrumental in overcoming challenges. Every success I achieved is a shared accomplishment, made possible by the collaboration and trust we built together.

I sincerely appreciate the guidance and support of my mentors and seniors—PGU, BPS, RKB, Mr. Bagga, and RKJ\* (Thank you for being a constant source of encouragement and wisdom. Your expertise and approachability made every challenge feel achievable.) Their leadership

and insight have played a significant role in my professional development and achievements. Equally important are the friendships I've built along the way. Surya, Ravikant, Jitu Ji, Naveen, Ajab, Akshay, Mainak, and Nishi have been integral to my journey, providing unwavering camaraderie and support that have greatly enriched my experience.

After more than five enriching years, I've decided to take the next step in my career—a decision that stems from my desire for even broader exposure and new challenges. While this chapter at HLS Asia Ltd. is closing, the lessons and memories I carry forward will always be an integral part of my story. As I move forward, I am filled with gratitude for the opportunities, experiences, and relationships I've gained during my time at HLS Asia Ltd. This isn't just the end of a chapter; it's the beginning of a new one inspired by everything I've learned from all of you.

"I'd love to share some special memories from my time here, but keep it brief!" #ABK
